

Start of School Packet for A&HT Wyoming Preschool

Checklist: Everything needed to start preschool!

- 1 Completed & Signed Child Medical Statement Form** - You only need this form if you do not have a *current* one on file. (Please note that in order to be considered *current* this form must be updated every 12 months). **THIS ONE NEEDS A DOCTOR'S SIGNATURE! (Please make your appointments now!)**
- 2 Student Interest Inventory Form** - In order to help us get to know your child better, we ask you to fill out this inventory about your child's interests and environment.
- 3 Transportation Plan Form** - In order to help insure your child's safety, please completely fill out this form to the best of your knowledge.
- 4 Photo Release Form** - This form gives A&HT Wyoming Preschool permission to publish your phone number and address in our school directory, to use photos of your child on the Ascension and Holy Trinity Church website, internet photo galleries such as Snapfish, periodicals such as Wyoming Living and newspapers, such as the Enquirer. It also gives A&HT Wyoming Preschool permission to use photos in school materials.
- 5 Routine Trip Permission Form** - Some nice days we would like to take the students on a short walk in the neighborhood. We would like to keep this permission slip on file for the school year. Thank you
- 6 Child Enrollment and Health Information Form** - Please completely fill in every blank on this three page form. If you mark yes to a food, medication, or environmental allergy, please complete the "Medical/Physical Care Plan form" and the "Request for Administration of Medication" form. If no, you do not need to complete this section. **If you child needs an epi-pen, or benadryl, we need the prescription label on the actual item. (Sorry, state rule.)**
- 7 First Tuition Payment & Activity Fee** - Please bring your first tuition payment and activity fee with you at the beginning of the school year. Your \$65.00 activity fee covers your cleaning fee, A&HT Wyoming Preschool t-shirt, class picture, field trips, parties and special events expenses. You may make checks out to A&HT Wyoming Preschool. Mrs. Cindy will let you know your tuition amount at your first visit.
- 8 Classroom Supply** - In order to help stock up our classroom with frequently used items, we would like for you to donate a supply to your child's classroom. If possible, please bring the supply with you at the beginning of the school year. (Refer to blog post for your assigned supply.)

- 9 Change of Clothes** - In the case of “accidents”, spills, and water & paint catastrophes, we ask for you to gather a full change of clothes (including shoes, if you can spare them), for your child to keep at preschool for the school year. If possible, place the items in a gallon sized ziploc bag with your child’s name on it.
- 10 Backpack** - If your child is still wearing diapers, please keep two extra diapers and some wipes in your child’s school bag at all times. Please choose a backpack large enough to hold a standard folder.
- 11 Summer Fun Activity** - In order to get to know each other better, we would like to hear about your summer fun! Please recall some fun activities, vacations, or other memorable events that took place this summer and then decorate a piece of construction paper with photos, small souvenirs, or drawings of your summertime fun! Don’t forget to write your name on your paper and to bring it to school during your first visit. We look forward to hearing about your good times!
- 12 Reusable Water Bottle** - We would like all the children to bring a water bottle that is spill proof, easy for them to use, and clearly labeled with their name on it. This water bottle will go back home every day, and return back to school the next day with fresh water.
- 13 Lunch box** - If your child is in the Top Dog (Pre-K) class, or stays for extended care until 1:00 pm, then your child will need to bring a lunchbox to school. Please make sure the lunchbox and all containers are well labeled and easy for your child to open and close. Ice packs are not necessary. The children have the tendency to try to eat them or throw them away! 😊
